MIT COURSE ON TAXATION 2019-2020

The MIT Course on Taxation is an **intensive** course which covers all aspects of **local and international taxation**, which has been designed for students from tax, legal and accounting backgrounds who wish to obtain a more comprehensive understanding of Malta's system of taxation. Successful completion of the Course (and the assessment) leads to the granting of a Professional Award in Taxation which carries an MQF Level 6 accreditation.

New course format: This academic year we have revised the syllabus to reflect the significant developments at an international level (OECD and EU) which have impacted, and continue to influence the development of, local tax legislation. The course will now be split into 5 modules (the total number of lectures increased from 48 to 52 lectures).

Assessment: a 2-hour exam per module, to be held at the end of each Module. Students may opt to follow the course, or any one or more modules without completing the assessment.

Duration: Students have the option to complete the MIT Course on Taxation in one academic year (October 2019 to May 2020) or alternatively over a maximum of 5 of years (a minimum of 1 module per academic year).

Fee: EUR2,000 (full course). A price per module is available. See Course Regulations for fee payment terms.

This Course is conducted in accordance with the Regulations which are available on the MIT Website.
