confidential, are protected by copyright and must not be made available to third parties. Furthermore, such materials are intended for educational purposes only and do not in any way constitute advice and should not be relied upon for the purpose of providing advice.

## CERTIFICATION

14. Successful completion of the full Course will depend on two criteria:
  - a. attendance of more than 80% of the Lectures in Module A, Module C and Module D and attendance of more than 75% of the Lectures in Module B; and
  - b. obtaining a passing Grade as detailed in Regulation 24 on the assignment required to be submitted by students as detailed herein (the 'Assignment').
15. Students who have successfully completed the Course in accordance with Regulation 14 will be awarded an Award in Tax Compliance (MQF Level 5).

16. Students may opt not to submit the Assignment, in which case they shall be awarded a Certificate of Attendance attesting to the completion of the Modules attended provided they have attended the required number of Lectures in accordance with Regulation 14.

17. The graduation ceremony will be held prior to the start of the Academic Year 2021/22. The details with respect to the graduation ceremony will be provided to students by the MIT in writing, by e-mail or standard letter.

## ATTENDANCE

18. For the purposes of these Regulations, attendance is proved by signing the attendance sheet at each Lecture. Failure to sign an attendance sheet will indicate absence at that particular Lecture.
19. In the case of online lectures, attendance refers to the registration for the online lecture on the designated platform which records the duration of the presence of the persons registered. Where students log in late or log off prior to the end of the Lecture it shall be at the

(CONTD.)

discretion of the Education Committee to determine whether the student attended the Lecture for a sufficient amount of time so as to be considered to have attended the Lecture. The lecturer may, at any time during an online lecture, take steps to verify the actual presence of participants registered for the online lecture.

20. Students who are not able to attend a given lecture are required to inform the MIT office in advance, providing a reason for their absence. It would then be at the discretion of the Education Committee to excuse that particular absence.
21. A medical certificate is to be provided when a student is unable to attend due to illness.
22. Students who fail to observe the attendance rule outlined in Regulation 14 due to exceptional circumstances, and have failed to notify the MIT of any absences from Lectures in accordance with Regulation 20, are to write to the Chairperson of the Education Committee to clarify such exceptional circumstances. It would then be at the discretion of the

Education Committee to excuse that particular absence.

## ASSESSMENT

23. The Assignment will be set during the academic year on relevant themes communicated to students. Assignment papers are to be submitted by a date which will be fixed by the Education Committee in each case. Students will be advised what percentage mark has been obtained in the paper as soon as possible. It will not be possible to discuss marks awarded, but the Education Committee, at its discretion, may allow students a period of two weeks in which to upgrade an Assignment that has been submitted and marked below 60%. Requests for this purpose are to be made by students not later than 10 days after they have been notified of the mark obtained. Alleged failure to receive, in due time, notice of an Assignment that has been set will not be considered to constitute a valid excuse for any purpose whatsoever.

24. The grading system of the MIT is as outlined below:

80% - 100%	A
70% - 79%	B
55% - 69%	C
45% - 54%	D
0% - 44%	F

Grades typically ranging between 35% - 44% may be eligible for a compensated pass (CP). This is at the discretion of the Education Committee of the MIT and is based on the following factors:

- a. The difficulty of the assignment;
- b. The overall performance of students who attempted the assignment;
- c. The average mark obtained based on the individual marks obtained by each student who attempted the assignment.

A student who obtained a grade ranging from A to CP shall be deemed to have obtained a passing grade.

25. Students will be entitled to request a revision of paper should they not be

satisfied that the mark awarded correctly reflects the substance of their replies. The fee for a revision of paper is EUR 150, and may either confirm the mark originally awarded, increase that mark or decrease it, depending on the review which will be final.

26. Students failing to secure a satisfactory mark in the Assignment will be entitled to re-submit the Assignment, at the next edition of the Course provided that such an edition is in fact organized by the MIT and subject to the payment of an administration fee. The rules and regulations applicable at the time will regulate every aspect of the Assignment and will override anything contained herein with regard to a student who is re-submitting the Assignment.

## GENERAL

27. Students who, whether negligently or willfully have committed a gross misdemeanor in respect of any matter connected with the Course will be liable to such disciplinary action as the Education Committee deems fit, including expulsion from the Course. Notwithstanding the provisions of
